Dear Barbara & Steve,

I feel that I must write to thank and congratulate you both for making such excellent arrangements for my recent visit to Krakow for my Dental Treatment Plan.

From the moment I checked in Liverpool's John Lennon Airport and received my flight ticket everything proceeded according to plan. Your patient co-ordinator Renata and chauffeur Henry were so helpful and punctual.

The 4 STAR HOTEL GRODEK was superb. You may find it of interest to know to know that during my stay in Krakow some form of political conference was

being held there; attended by various heads of State and the Polish Prime Minister. The Prime Minister stayed at the Grodek.

Your Dental Surgeon DR.

Christopher was so gentle and caring. The diagnostic tests and panoramic X ray revealed that I required much more bone regeneration than had been prescribed following the visual inspection in Brooklyn. This meant much more work for DR.

Christopher and his team. For me it was a matter of spending more time in his chair. Fortunately it was an entirely pain free experience.

My night in the clinic following the treatment was quite pleasant. I was well taken care of by the Night Duty Nurse.

I am now looking forward to my next trip to Krakow to have my 10 implants capped. Once again Many Thanks.

Yours Sincerely
John McNamee.
